(Formerly known as Kare Labs Pvt. Ltd.)

## TO WHOMSOEVER IT MAY CONCERN

Airtech Systems Mumbai delivered a product that looked professional, functioned properly, installed timely and completed within the given budget parameters. The project was located in a Goa state, and required cooperation between various general, mechanical, and electrical contractors. This was supervised efficiently and smoothly by Airtech Systems.

The scope of M/s. Airtech Systems included:

- 1. High & low side HVAC system with 150 TR Chiller capacity, AHUs with plug type fans.
- 2. Modular Wall Partitions & Ceilings, Modular Clean Room Doors and Epoxy Floorings.
- 3. Clean Room Equipments Passboxes, Garment Cubicles and Laminar Air Flow Units.

We will recommend Airtech Systems to anyone and are confident that as the need arises we would be working with them again!
